

UT Environmental Health and Safety Hazardous Waste Management

Phone #: 974-5084

Hazardous Waste Management:

Make sure all hazardous waste is:

- ✓ Labeled with all constituents (no abbreviations or chemical formulas) using a UT yellow hazardous waste label (see below).

- ✓ Placed in an appropriate container that is closed except when adding or removing waste
- ✓ Stored in secondary containment away from incompatibles.

NOTE: **Do not** place an accumulation start date on the waste container.

Locations of Waste Rooms:

Please bring your hazardous waste to the following locations, or call EH&S at 974-5084 to coordinate a pickup:

Walters Waste room (Room M205)

SERF Wasteroom (at loading dock)

Hours: Every Wednesday 1:00-2:00 p.m.

Hours: Every Wednesday 2:00-3:00

Spills:

If there is a minor spill that you feel you cannot handle, please call EHS at 974-5084. If the spill is major and/or there is a fire, please call 911. If a mercury thermometer breaks in a water bath, or other heated appliance, please unplug the appliance to allow time for it to cool, then call EHS after it has cooled to clean up the spill.

***Please DO NOT leave waste unattended**
