

Shop Safety Training

Environmental Health and Safety will offer a Shop Safety program on Monday, July 16th from 8:30 a.m. to 12:45 p.m. at the Plant Biotech Building Room 160 on the Agricultural Campus. All employees working in the shops are strongly encouraged to attend. This training will assist people working in shops to be safer and it meets TOSHA safety training requirements. Employees can attend all or part of the training depending on their job duties. For more information, please contact EHS at 974-5084.
