| | Foot Injury | Equipment rolls over foot | Safety shoes |
| | Noise | Equipment Operation | Hearing protection |

PPE Required:

- Safety Glasses
- Face Shield protective Clothing (optional)
- Hearing Protection
- Safety shoes

This document serves as the Personal Protective Equipment (PPE) Certification document required to satisfy the federal requirements of the Occupational Safety and Health Administration (OSHA) Standard, 29 CFR 1910.132 Subpart I- Personal Protective Equipment. This certifies that a hazard assessment of workplace hazards has been performed. Signatures for the certification are on file in the Environmental Health and Safety Department office. For questions and more information about this document, please contact EHS at 974-5084 or safety @utk.edu.
